The Declaration signed by Dr Audonnet was submitted on November 12, 2004 ^{and} was entered. However, the examiner acknowledges that the office inadvertently did not have the Declaration entered as an amendment after final. As such, the examiner was not aware of the entry of the Declaration until applicant called and left messages on May 31, 2005, June 1, 2005 and June 2, 2005. From June 1, 2005 until June 3, 2005, both the examiner and the examiner's supervisor, Ram Shukla, attempted to resolve applicant's request to have the application examined immediately. Specifically, on June 3, 2005, the examiner placed a phone call to applicants and advised to applicants that perhaps should the Declaration itself removes all outstanding rejections, applicant could file a petition to have the RCE fee reimbursed. On June 4, 2005, both the examiner and supervisor agreed that the Declaration indeed removes all outstanding rejections because of the unexpected result as elaborated previously in the advisory action. Thus, and as the result of the RCE being filed on June 1, this as-filed application is now being examined and reviewed by the examiner.

In addition, during the process of reviewing the currently pending claims as set forth in the claim amendment dated November 12, 2004, it appears that claim 13 was amended so as to be dependent from claim 10 rather than canceled claim 6. More specifically, the amended claim 13 was inadvertently amended as "The vaccine of claim 10", even though claim 10 is a method claim.

Examiner's Amendment

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided

by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

An authorization for this examiner's amendment was given in a personal interview with Attorney Angela M. Collison on June 6, 2005. During the interview, the examiner and applicant agreed that claim 13 should be amended to recite – The method of claim 10 --. As such, the examiner's amendment is set forth below:

13. (Currently Amended) The ~~vaccine~~ method of claim 10, wherein the ~~adjuvant compound~~ added Carbopol has a concentration of 0.06 to 1% w/v.

Given the reasons as set forth in the immediately preceding paragraphs, claims 1, 5, 6, 10, 13, and 19 are allowable.
